TWO CENTS

PETTIGREW'S TIRADE

Cut Right and Left at McKinley's Administration.

"PUNY PRESIDENT" ONE PHRASE.

Charged Him With Being Responsible For the Filipino Rebellion—Said Sulu Treaty Was "Mangled" and Partly "Suppressed" Until After Ohio Election.

WASHINGTON, Jan. 12.—The resolution offered by Mr. Pettigrew (S.D.) several days ago, together with the substitute for it offered by Mr. Lodge (Mass.), was laid before the senate, the object of both the resolution and the substitute being to obtain from the president, if not incompatible with public interests, all information in regard to the insurrection in the Philippines. Mr. Lodge suggested that both Mr. Pettigrew's resolution and his own substitute be withdrawn and that the resolution offered by Mr. Hoar, with suitable amendments, be adopted as a substitute for both.

Mr. Lodge said he proposed to offer a further amendment to include any information coming to the war department of plans of people of the Philippines in arms against the United States as to the projected uprising in the city of Manila for the destruction of foreign property and massacre of residents; also regarding treatment of prisoners by insurgents, also as to the published reports of the plan to throw dynamite bombs during the funeral of General Lawton to create diversion during which an uprising was to occur, also to cover information regarding the anti-imperialistic utterances which were being disseminated among the insurgents and alleged documents circulated among United States soldiers serving in the Philippines last summer, urging them not to re-enlist.

Mr. Lodge thought there was no disposition in any quarter to suppress information.

Mr. Hoar said he was in general accord with his colleague. He would be glad to have the correspondence between the president and the peace commission at Paris, but at this time would not insist upon that. He wanted, however, the distinct recommendations and instructions of the president to the Philippine commission.

Mr. Lodge suggested that the resolution of Mr. Pettigrew and his own substitute be laid on the table and that of Mr. Hoar, with his proposed amendment, be adopted.

To this Mr. Pettigrew objected.

It was evident, he said, that the object of the administration was to keep the detailed information from the people and it was quite as evident that the political success of the president and of the Republican party was of greater concern to the imperialists than whether the information asked for should reach the Filipinos.

The trouble with the imperialists, said Mr. Pettigrew, "is that they have confounded the interests of the people of the United States with the political desires and ambitions of their party president and regarded him and his successor as more important than a rightful treatment of the Filipinos."

Mr. Pettigrew said he wanted the information which he was seeking whether the president regarded the publication of it as compatible with the public interests or not. And he wanted it whether the president desired it should or should not be known.

He declared that important and significant facts had been stricken from news dispatches from Manila and from official reports because it was regarded by the powers that be as undesirable that they should reach the American people.

"As an instance of this work," said he, "the Sulu treaty was mangled and partly suppressed until after the election in Ohio."

He discussed at length the proclamation issued by the president, declaring that it was in such shape that General Otis recommended it should be changed in order not to provoke hostilities on the part of the Filipinos. Subsequently, he said, it was altered materially and, as altered, was published to the Philippine natives. As originally drawn, it was to his mind a flat declaration of war, and when Aguinaldo and his leaders came into possession of the original they so regarded it.

Mr. Pettigrew quoted from a letter written by Mr. Robert M. Collins, Associated Press representative at Manila,

in which he related the substance of an interview upon the subject of censoring dispatches which he had had with General Otis. Mr. Pettigrew read the statement of Mr. Collins, in which he said it was the evident desire of the officials to prevent certain information from reaching the people of the United States. When he (Collins) had filed a dispatch containing information which he thought was proper to send to the United States he had been informed by the censor that he had been instructed to cut out anything that might hurt the administration. Subsequently, when he had desired to send a story relating to the use of silver in the Philippines, the censor had told him that his instructions were to allow nothing to pass him which would be helpful to William Jennings Bryan in the United States.

Mr. Pettigrew declared that the president himself really began the war in the Philippines and was responsible for it. "If," said he, "the administration had had a spark of honor in dealing with the Filipinos, it would have told General Merritt to lay the whole truth of the intentions of the government before Aguinaldo and his associates."

Had this been done, Mr. Pettigrew believed that half the trouble might have been averted. That we had fired the first shot which had precipitated hostilities, nobody denied.

Even after the fighting had begun,

he said, an effort was made by Aguinaldo to secure a suspension of hostilities, but had been told by General Otis that now the fighting had been begun it must continue to the grim end.

"If," said Mr. Pettigrew, "I were a Filipino, I would fight until I was gray against the unholy aggression of the United States. If this country is wrong, this country could take no grander position before the nations of the world than to admit that it is wrong. We have reached the turning point. We must decide whether we are to pursue a course of rapacity and aggression on the British principle or to pursue a course of justice and right."

REBELS WERE WILLING TO HELP.

Information Dewey Sent Previous to Battle Sent to Congress.

WASHINGTON, Jan. 12.—In reply to a demand from the senate regarding information received from Dewey by the department, prior to the attack on Manila, a communication was received saying Dewey said he had information that the Spanish fleet was inefficient, while his fleet was efficient, that the Spanish army was about 15,000 in the islands, about half in the vicinity of Manila, and that the soldiers were disaffected. Both ships and forts were in need of ammunition. He believed he could take the fleet and defenses in one day. He further said in part:

"There is every reason to believe that with Manila taken or even blockaded the rest of the islands would fall either to the insurgents or ourselves, as they are only held now through the support of the navy and are dependent upon Manila for supplies. Information has just reached me that there are 5,000 armed rebels in camp near Manila, who are willing to assist us."

More Election Fraud Indictments.

PHILADELPHIA, Jan. 12.—True bills were rendered against Samuel R. Markley, Joseph S. Hogan, Frank Pearce, George Roseman, Edward Kenny, William Scott, Edward Kennedy and Casas Wesley, charging them with fraudulently making, signing and receiving false vouchers in the Twelfth division of the Fifth ward at the November election. There are three separate bills of indictment against Markley.

Congregational Building Society.

NEW YORK, Jan. 12.—The forty-seventh annual report of the board of trustees of the Congregational church building society, was issued. The receipts for 1899 were \$247,307. The disbursements were \$153,947, to 95 churches on houses of worship, and \$18,450 to 41 churches on parsonages. Pledges of aid were voted, \$121,649 to 125 churches on houses of worship; \$29,745 to 65 churches on parsonages.

Sentenced For Murdering.

HOLLIDAYSBURG, Pa., Jan. 12.—Dashiel Jury pleaded guilty in the Blair court to murder in the second degree. He was sentenced to seven years and four months imprisonment in the Western penitentiary. He killed Patrick Sheehan in Altoona. The fact that he was drunk saved him from hanging.

The Dreamer to Be Arrested.

NEW YORK, Jan. 12.—District Attorney Andrews of Westchester county announced that Alfred Morrison will be arrested today on the charge of homicide in having while, as alleged, in a somnambulistic condition shot and killed the woman known as his wife.

BRITISH REPLY RIGHT

Answer Received as to Flour Seizures.

OUR CONTENTION WAS UPHELD.

Salisbury's Position Just What May Expected—Foods Contraband Only When Sent For Intended Use of Enemy Statement by State Department.

WASHINGTON, Jan. 12.—The answer of the British government to Mr. Choate's representations respecting the seizures of American flour and other goods on the vessels Beatrice, Mashona and Maria was received here. The British government adopts precisely the point of view regarding the seized goods that was assumed by the state department and embodied by Mr. Choate in his note on the subject addressed to the British foreign office.

The following official statement was given out by the state department: A telegram has been received from Ambassador Choate reporting an interview had by him with the Marquis Salisbury

senatorial election investigation case of Senator Clark, of Montana, and three other witnesses, among them State Treasurer Collins, State Senator W. A. Clark, of Madison county, were heard.

Mr. Collins' statement related entirely to the depositing of the \$30,000 in \$1,000 bills turned over to the legislative investigating committee by Whiteside and by that committee deposited with the treasurer. Mr. Collins exhibited this money.

Clark detailed the particulars of his acceptance of \$10,000 from Mr. Whiteside, said to be one of Mr. Clark's managers, on the understanding that he was to vote for Mr. Clark for the senate. The witness said he had only accepted the money for the purpose of exposing the proceeding.

40,000 VIEWED THE DEAD.

Great Outpouring in New York to Do Honor to the Rev. Dr. McGlynn's Memory.

NEW YORK, Jan. 12.—The funeral of the Rev. Dr. McGlynn in St. Stephen's church, of which he was formerly pastor, was the occasion of a manifestation of popular affection such as has rarely been witnessed. The coffin containing the remains of the beloved priest was deposited at the altar rail of the church and at 9:30 a.m. and from that time until the doors were closed at 12:30 p.m., 40,000 persons, it is estimated, looked upon the face of the dead.

Many remained in the church and the pews were crowded with more than 2,500 persons long before the doors were closed. At that time there were many on the street who had not been able to gain admission.

The obsequies began in a solemn chant for the dead, conducted by Rev. Thomas F. McLoughlin and Rev. Thomas O'Connor of St. Stephen's.

The mass of requiem, according to the rules of the Roman Catholic faith, was celebrated by the Rev. Charles McCready. Right Rev. Monsignor J. F. Mooney, vicar general, delivered the eulogy and the final absolution was given by Archbishop Corrigan.

The body was taken to Calvary cemetery, in Brooklyn.

A meeting in memory of the late Rev. Dr. Edward McGlynn was held last night in Cooper Union under the auspices of the Manhattan Single Tax club. The hall was crowded and a large portrait of the dead priest hung at the back of the stage. Speeches eulogizing Father McGlynn were made by the president of the club, W. D. McCracken, Prof. Charles Sprague Smith, Henry George, Rev. Father Ducey, Tom L. Johnson and John S. Crosby.

BOER SYMPATHY RESOLUTION.

Action in the House at Columbus indefinitely Postponed.

COLUMBUS, Jan. 12.—The Ohio house of representatives indefinitely postponed action on the resolution expressing sympathy with the Boers in their war with Great Britain. A demand for the previous question prevailed by a strict partisan division, the Republicans voting in the affirmative.

WASHINGTON, Jan. 12.—Acting Secretary Meiklejohn of the war department denied the application of the Manila Railway company, Limited, for payment by the United States of interest on the capital invested in the railway owned and operated by said company pursuant to a guarantee of said interest by the Spanish government. It is a corporation organized under the laws of Great Britain.

WORLD'S CONFERENCE

Religious Gathering in New York in Spring.

PRELIMINARY MEETINGS HELD.

Seth Low Presided at One Where the General Plans Were Made Public. About 2,200 Delegates Expected—President McKinley to Be Invited.

NEW YORK, Jan. 12.—At meetings held here the foundation plans were laid for the ecumenical conference to be held in this city from April 21 to May 1, 1900.

The meeting last night was merely a preliminary one, presided over by President Seth Low, of Columbia university, for the purpose of placing before those interested in the conference the general scope and working plan of the body to meet here in April. The meeting in the day was of a private nature, the best methods of interesting church men and women of the country in the undertaking being discussed.

At last night's meeting a number of notable speakers, including Seth Low and Rev. J. T. Gracey, president of the International Missionary union, gave the details of the proposed conference.

SETH LOW.

It is expected that there will be present about 2,200 delegates from all over the world. Those from the United States and Canada will be expected to pay their own expenses, but the 400 or more from foreign countries will have their expenses paid and be entertained while here in the city.

A special committee will go to Washington to urge President McKinley to be present during one of the days.

It was announced that responses have come from various missionary societies and societies of a similar nature, and that the outlook for the conference is bright.

Ex-President Benjamin Harrison has consented to act as honorary president, and the officials expect to have present ex-President Cleveland, Admiral Dewey, Rear Admiral Philip, Chief Justice Brewer and many other notables from this country, Canada and other countries.

The conference will be formally opened Saturday, April 21, with a meeting in Carnegie hall.

WRECKED SHIP AFIRE.

UNKNOWN Vessel Ashore on a Reef on the Coast of Newfoundland.

ST. JOHNS, N. F., Jan. 12.—A large steamer, believed to be a passenger ship whose name cannot yet be ascertained, has been wrecked on a reef in St. Mary's bay, about five miles from shore.

The vessel, which lies with her head low in the water, is on fire aft.

Several persons have been washed off the deck during the day.

Just before nightfall others were described in the rigging. It is feared that these will perish before daybreak.

At this hour, 9 p.m., it is impossible to secure any further particulars, nor can any be obtained before morning.

SUBURBAN NEWS.

LEASED COAL LANDS.

M'DONALD ENGINEERS A BIG DEAL

And Another Mill May Be Erected at Georgetown. News of Chester.

Negotiations are about closed for the lease of a valuable tract of coal land at Georgetown. The prospective lessee is James E. McDonald, of Liverpool. McDonald is representing capitalists who are considering the erection of an iron plant upon the property, but for the present the object of the deal is to secure fuel for the Chester rolling mill at Chester.

The land is owned by Chester B. Lawrence, of New York, Frank E. Simpson, of Boston, and John R. Peters, of Georgetown. The lease as drawn up is for 25 years and the price to be paid is seven and one-half cents per ton with the usual allowance for nut and slack coal. It has been estimated by Mr. Peters that the veins under the land contain about 8,000,000 tons, and the coal may be all taken out in 20 years if actively worked.

The property consists of nearly 250 acres and the two Freeport and cannel veins may be tapped by a drift. The entrance is 800 feet from the river on a gentle slope and the coal will be loaded on flats at the water's edge and sent down to Chester and East Liverpool. Mr. McDonald expects to get out from 200 to 300 tons daily, and to this end the mine will be equipped with modern machinery.

The property has been in the hands of the present owners for 20 years, but the mine has been idle since 1878. Prior to that time enough coal was mined to supply the immediate neighborhood under the direction of Captain Calhoun, a popular riverman. A small boom followed and arrangements were made to ship the coal south. Some money was spent in fitting up the mine with cars, tracks and the building of a coal tipple. Several coalboats were also purchased. After active work had commenced the natural gas boom came and operations at this mine stopped. The floods carried off the coal flats and a few old buildings is all that now mark what at one time promised to be a busy place.

To Make Repairs and Improvements Recommended

FOR THE COUNTY JAIL AT LISBON

Bath Tub For the Prisoners Included In the Specifications—County Commissioners and Judge Smith Want to Make the Job Complete While at It.

LISBON, Jan. 12.—[Special]—The recommendations by Sheriffs Gill and Noragon for the repairs and improvements at the county jail which are now in the hands of the county commissioners include sewerage, a steam heater, a bath tub and repairs to the roof. The common pleas judge has authority to order such improvements as he thinks are necessary for the safety and health of the prisoners, and the improvements mentioned have the approval of Judge Smith. The estimated cost is \$2,010. The commissioners say that in their judgment it will be wise to make other improvements that are unquestionably needed, at the same time, and that in an interview it seemed highly probable that their plans could be harmonized so that the entire work may be done in a creditable and satisfactory manner.

According to the rules White and Burgess should be left out of the debate and Health Officer Ogden take a hand.

EAST LIVERPOOL, O. FRIDAY, JAN. 12.

FOR PRESIDENT--Second Term.
WM. M'KINLEY,
of Ohio.

THE story that Methuen is crazy probably arose from the fact that he is fighting mad.

It cost Golden Rule Jones \$88,000 to discover that the people of Ohio didn't want him for governor.

THE state legislature has decided to withhold its sympathy in the Transvaal matter until they see which side needs it most.

ONCE more the warring Kentuckians announce that they will fight, if necessary. That settles it. It will never be necessary enough.

WILLIAM PATTERSON, the Pittsburg murderer who is to be hung Tuesday, has written a poem of warning to young men. Why wait until Tuesday?

THE story that 3,000 Spanish ex-soldiers wanted to enlist in the British army and were refused is probably true enough—the refusing part anyhow.

IMPOSSIBLE.

It is impossible to describe the disgust which fills the American people when they contemplate Pettigrew of South Dakota.

WHICH IS RIGHT?

Atkinson, Hoar, et al., oppose the annexation of the Philippines because they claim the Filipino is so intelligent he should be allowed to run the islands to suit himself. Bryan opposes the annexation because he claims the Filipino is so degraded and savage that he isn't fit to be annexed. Which is right, or are both wrong?

TO THE PEN.

Gertie Williams Violated the Terms of Her Parole and Goes Back to Columbus.

Gertie Williams, who was arrested in this city yesterday by Chief of Police Clemons, of Wheeling, as exclusively stated in the News REVIEW, was paroled from the Columbus penitentiary six years ago, where she was sent for shooting a man at Bellaire. The penitentiary authorities claim she has repeatedly violated the terms of her parole by failing to report to them. It was learned she was in a disorderly house at Wheeling and the chief of police there was asked to arrest her. She will be taken back to Columbus.

\$25 Out of the Entertainment Monday.

The Hospital association will get \$25 out of the entertainment given by the famous South Africans at the opera house last Monday night, but it comes as a donation from the management of the Grand. The total receipts were \$202.60. Of this amount J. H. Balmer, manager of the performers, got \$151.95 and a fourth of the proceeds were to go to the Grand, making \$50.65 as their share, but they only charged the Hospital association \$35 for the house and donated the balance, \$15.65, to it.

It is the intention to build an addition to the present church, and the building when finished will be in the shape of a cross. The structure will be of brick and the church will be increased one-half in size and will be 125 feet long, while the seating capacity will be 550. The present building will be thoroughly remodeled. Definite action will be taken on the project at the Easter meeting of the vestry.

NOTES OF THE PLANTS

And Other Items That Will Interest the Pottery Trade.

The new additions at the Rookwood pottery, Cincinnati, have been completed. The new building is devoted to the reception room, warerooms and offices. The exterior of the building is of early English style, the interior being of Colonial architecture. The offices are on the second floor and here also is the museum. The latter is devoted to famous pieces of pottery from all over the world as well as some of the early attempt at pottery by the aborigines of America. The collection is considered the finest in the United States.

The Torbet pottery plant at Brazil, Ind., has been purchased by J. H. Halstead for \$2,200 and will be remodeled.

The Arsenal pottery at Trenton has been sold. William Balderson, of Dillington, Pa., bought the greater part of the pottery for \$11,788.

A collapsible crockery drainer has been put on the market by the Proctor & Bros. company, of the Leeds wire works. It can be placed at the side of a sink and is arranged so that pieces of crockery can be held separately after washing. One end is raised to support plates and dishes but it can be closed when not in use.

George Harrison, of this city, has accepted a position at the Oliver China works, Sebring. He was formerly employed at Goodwins.

The time used in Sebring is eastern standard.

The Sheufelder potteries at Reading, Pa., have ceased operation.

S. S. Snyder, who conducted a crockery store at Charlotte, N. C., has filed a petition in bankruptcy.

W. H. Allison has gone from Rock Mills, Ala., to Jacksonville, Fla., to engage in the sale of pottery.

McDonald Bros., crockery dealers, of Minneapolis, were burned out last month. Loss \$15,000.

The Somerset pottery at Providence, R. I., has resumed after a long idleness.

The Goodwin Pottery company have discontinued making C. C. ware, and hereafter the pottery will turn out nothing but porcelain and iron stone china. The firm made an unusually fine grade of C. C. and it was hard to distinguish it from granite.

The contract will be let Saturday for the new Taylor, Lee & Smith pottery to be erected on the South Side.

Harvey McHenry yesterday was awarded the contract for the new addition to be built by the R. Thomas & Sons company and work was commenced today. The brick work has been awarded to Hill & Wallace. Work on the new office at the plant is progressing rapidly.

The kilndrawers will meet this evening for the purpose of organizing a union.

AS USUAL.

"A Comedy of Errors" Appeared in Last Evening's Edition of a Newspaper (?)

A paper in this city is noted for the blunders and misrepresentations made in its columns. The sheet capped the climax last night in a criticism it made respecting a well-known and popular vocalist of East Liverpool, terming her a "popular music teacher," when she never gave a music lesson in her life, and speaking of the "splendid training she has given her pupils," something that the charming vocalist has not yet had the honor of teaching. Fortunately for the sheet in question, it gave the date of the to be given concert correctly and spelled the vocalist's name properly, but blundered, as usual, respecting the spelling of the names of the young lady's able assistants. The would-be newspaper had an unusually bad "spell" last night. Truly, the lower region sheet is not much of a journal.

A PLEASANT AFFAIR.

Mrs. Louis Steinfield Entertained Her Lady Friends Yesterday Afternoon.

Mrs. Louis Steinfield yesterday afternoon pleasantly entertained a number of lady friends at her home on Walnut street at cards. The favors were won by Mrs. W. H. Gass and Mrs. C. A. Bough. The sentence "Hurrah for William McKinley and Protection" was given the guests for each person to make out a bill of fare, using a letter in the sentence as a foundation for the word used in the bill of fare. Mrs. C. C. Thompson won the favor in this contest. Refreshments were served. The event was one of the most pleasant affairs of the season.

A. hall, when Madame Fry and her charming and talented daughter, Miss Eugenie, will appear in vocal and instrumental music, readings, recitations and musical declamations. Miss Fry is a very talented violinist, and her singing is simply superb, her voice being a pure, strong and sweet soprano. The admission has been placed at the low figure of twenty-five cents, and the house should be crowded.

Five Boys Were Captured at the Grand.

ONE OF THE YOUNGSTERS GOT OUT

But the Rest of Them Spent the Night in the City Jail—The Time for the Hearing Has Not Been Set—Pinkerton Will Call Tonight.

The small boys of the city are furnishing Mayor Bough with considerable business at the present time.

Last night Officers White and Davidson made a raid on the small boys that loiter around the steps at the Grand Opera house and annoy every person that comes within a block of the theatre. The boys captured were George Little, Edward Dinerstein, Arthur Putnam, Harry Hepner and Fred Malcolm. All the boys spent the night in jail except Putnam, whose mother appeared at city hall and went security for her boy.

This morning Dinerstein's father got him out of jail and Hepner's mother did likewise for him. The Little and Malcolm boys were turned out at noon. No time has been set for the hearing.

The Pinkerton boy who was mixed up in the East End affair a few days ago will get a hearing before the mayor this evening.

Two young men named Merrill and Reynold occupied cells in the city jail last night. They claimed they came from Toledo and were looking for work. They said they had heard East Liverpool was a good town and expect to get work here. They were well dressed and did not have the appearance of tourists.

This is the case in which the young man was too young to get a license, and Constable Miller, out of the pure goodness of his heart, secured the permission of the parents, believing that the two young people should be granted their hearts' desire.

Mr. Earl personally states today that he is not a quitter, but will be in the fight to the finish, with the certain intention of winning a victory. All he asks is a fair field and a square fight and he will make no kick in case of defeat.

A COUNCILMAN

Discovered Why There Was So Little Work Done on the East End Streets.

Recently council decided that Street Commissioner Finley was not doing enough work on East End streets, so a member of council interviewed him. Finley explained that he had to remain an hour and a half at the fire station while Foreman Terrence got his breakfast and the same length of time while he went to his dinner and supper, making a total of four hours and a half each day. The councilman figured if it took Finley the same length of time to get his meals it would consume the entire nine hours each day, and he didn't wonder there was no work done on the streets.

DIED LAST NIGHT.

Pathetic Circumstances Surrounding Death of William Wilshaw.

William Wilshaw, aged 22 years, died at his home, corner of Mulberry alley and Drury lane, at 11:30 o'clock last night. Typhoid fever was the cause of death. Funeral services will be held tomorrow afternoon at 2 o'clock in St. Stephen's Episcopal church, Rev. Edwin Weary officiating. Interment will be made in Riverview cemetery.

Wilshaw came to East Liverpool from England about six months ago, securing work in the East End pottery. Besides an uncle these are the only relatives he has in this country.

Possibilities Are Becoming Numerous--Possible There Will be a Man For Every Job.

Candidates galore are now springing up, and it is now stated that Harry Peach will again be a candidate for the board of education, and M. Anderson is after the nomination for the office of township trustee. It is also announced that City Clerk Hanley will be a candidate to succeed himself.

Dr. W. T. Norris, whose term as a member of the board of education expires, has stated that he positively will not be in the race this spring.

Not a Candidate.

Ex Lieutenant Governor Asa W. Jones says: "The statement that I was a congressional candidate was made without my knowledge or consent, as I am not a candidate and have not given the question any serious thought."

THE MOODY MEMORIAL.

Proposed to Merge Three Schools Under One Management — Advisory Committee Appointed.

NEW YORK, Jan. 12.—In connection with the proposed Moody memorial endowment the trustees of the Northfield Seminary and Training School For Young Women, the Mount Herman School For Young Men and the Bible Institute, Chicago, met here. It is proposed to merge the three institutions under one management and to have a financial committee and an advisory committee to take charge of the whole business affairs.

A Moody memorial advisory committee was appointed as follows:

William E. Dodge, James Talcott, Anson Phelps Stokes, Jr., D. W. McWilliams, Morrie K. Jessup, D. Willis James, John S. Kennedy, Ira D. Sankey, all of New York; E. G. Keith, Cyrus McCormick, Victor F. Lawson, all of Chicago; John H. Converse, John Wanamaker of Philadelphia, C. A. Hopkins of Boston and Francis White of Baltimore. John Willis Baer, secretary of the Christian Endeavor society, sent a telegram of regret at not being present and asking to be counted upon to loyally support the united policy of Will Moody, the family's trustee.

It was decided to issue an appeal to the public to subscribe the \$3,000,000 required to meet the expenses of the institution. D. W. McWilliams was selected as treasurer and the following were appointed a committee to invest money as it was subscribed:

William E. Dodge, James Talcott and Morris K. Jessup.

Lord Overton of Glasgow and James A. Denny of London will be asked to become the committee to take charge of the memorial endowment in Great Britain.

Will R. Moody announced that the conferences would be held at Northfield the coming and succeeding summers as usual.

THOUSANDS KILLED AT LADYSMITH

English Loss About 900—A Rumor That the Boer Casualties Were Between 2,000 and 3,000.

LONDON, Jan. 12.—The Daily Mail said:

"We learn that in the attack on Ladysmith last Saturday, January 6, the British losses were 14 officers killed, 34 wounded and over 800 non-commissioned officers and men killed or wounded."

"The Boer losses, we hear, are estimated at between 2,000 and 3,000."

A dispatch to The Daily Mail from Pietermaritzburg, dated Jan. 8, said:

"Private advices from Ladysmith, dated Jan. 2, say that rations of bread and meat are plentiful and the garrison had not touched the "bully" beef and biscuit supplies. Luxuries are scarce in Ladysmith, but the hospitals are well supplied with milk and the horses are in good condition."

LIEUT. COM. GREEN SUICIDED.

Schley Cabled the News Board to Investigate.

WASHINGTON, Jan. 12.—The following cablegram was received at the navy department from Admiral Schley, commanding the South Atlantic station:

"MONTEVIDEO, Jan. 11.

Secretary Navy, Washington:

"Lieutenant Commander F. E. Green committed suicide Wednesday. Arrangements have been made for burial ashore. A board is ordered to examine the circumstances of the case and report."

Fatal Shooting Affair.

WHITESBURG, Ky., Jan. 12.—During a quarrel over a game of cards in a "blind tiger" at Pound Gap, Taze Hall and Henry Leap were killed and Dave Sutherland and Henry Campbell mortally wounded. Arch Leap and Henry Sullivan were also wounded.

Wire Company Likely to Refuse.

CLEVELAND, Jan. 12.—Next Monday is the time set for the decision of the American Steel and Wire company on the scale of wages proposed by the National Association of Rod Mill Workers. There is little doubt that the company will refuse to sign a scale of any kind, especially as it recently announced a general increase of 7½ per cent in the pay of all employees.

Found Boer Camp.

LONDON, Jan. 12.—The Standard has the following dispatch, dated Monday, from Frere camp: "Our patrols have searched both flanks of the Boer position. They found a large camp five miles east of Colenso, evidently in anticipation of a British attempt at a turning movement."

IS GEN. METHUEN MAD?

Report to That Effect—Denied at the War Office That He Will Be Recalled.

LONDON, Jan. 12.—The officials of the war office here denied the report published in the United States that General Methuen has been recalled.

CHICAGO, Jan. 12.—A special cable to the Chicago Tribune from London says: Lieutenant General Lord Methuen, commanding the column advancing to the relief of Kimberley, is to be relieved of his command within two weeks. Later he will be sent to Cape Town and eventually ordered home. When he reaches England he will be retired. These facts have been confirmed by an official of the war office.

Friends of Lord Methuen insist he is only in broken health; that the strain of many campaigns has snatched his

naturally nervous system. Those who know the circumstances and the situation on the Modder river equally well, however, are willing to state facts plainly, and say that Methuen's mind is unbalanced.

A BOMB EXPLOSION.

It Badly Seared an Audience at Harvard University—Joke Was Ahead of Time.

CAMBRIDGE, Mass., Jan. 12.—The explosion of a bomb in a closet in Sanders' theater at Harvard while 500 or 600 people were listening to a Beethoven pastoral by the Boston Symphony orchestra not only put a sudden end to the concert, but for a few minutes, by reason of the panic which followed, threatened the lives of many in a rush for the doors.

Fortunately the turmoil was calmed and the audience left quietly.

The college authorities believe the whole affair was intended as a joke on the history class, and that it exploded 12 hours ahead of time.

May Be Amicably Settled.

BERLIN, Jan. 12.—It is asserted that the German cruisers Schwalbe and Condor, which were ordered to Delagoa bay, have been instructed to proceed instead to Cape Town. This indicates a belief in German official circles that the contraband controversy will be amicably settled.

Portugal Enforcing Neutrality.

LORENZO MARQUES, Jan. 12.—Inspection of travelers bound to the Transvaal is revived under an old law. No one will be allowed to proceed unless he declares before his consul that he has no intention of fighting for the Boers.

Three Miners Killed.

WEBB CITY, Mo., Jan. 12.—By a cave-in at the Barber mine, Joseph Cox, Charles Stone and John Lloyd were buried under 50 tons of earth, all being instantly killed.

Physician Probably Suicided.

ST. LOUIS, Jan. 12.—Dr. J. C. Marshall, a noted eye and ear specialist, was found dead in his office. He had been shot through the heart. A revolver was found. Suicide indicated.

TWO CENTS

PETTIGREW'S TIRADE

Cut Right and Left at McKinley's Administration.

"PUNY PRESIDENT" ONE PHRASE.

Charged Him With Being Responsible For the Filipino Rebellion—Said Sulu Treaty Was "Mangled" and Partly "Suppressed" Until After Ohio Election.

WASHINGTON, Jan. 12.—The resolution offered by Mr. Pettigrew (S. D.) several days ago, together with the substitute for it offered by Mr. Lodge (Mass.), was laid before the senate, the object of both the resolution and the substitute being to obtain from the president, if not incompatible with public interests, all information in regard to the insurrection in the Philippines. Mr. Lodge suggested that both Mr. Pettigrew's resolution and his own substitute be withdrawn and that the resolution offered by Mr. Hoar, with suitable amendments, be adopted as a substitute for both.

Mr. Lodge said he proposed to offer a further amendment to include any information coming to the war department of plans of people of the Philippines in arms against the United States as to the projected uprising in the city of Manila for the destruction of foreign property and massacre of residents; also regarding treatment of prisoners by insurgents, also as to the published reports of the plan to throw dynamite bombs during the funeral of General Lawton to create diversion during which an uprising was to occur, also to cover information regarding the anti-imperialistic utterances which were being disseminated among the insurgents and alleged documents circulated among United States soldiers serving in the Philippines last summer, urging them not to re-enlist.

Mr. Lodge thought there was no disposition in any quarter to suppress information.

Mr. Hoar said he was in general accord with his colleague. He would be glad to have the correspondence between the president and the peace commission at Paris, but at this time would not insist upon that. He wanted, however, the distinct recommendations and instructions of the president to the Philippine commission.

Mr. Lodge suggested that the resolution of Mr. Pettigrew and his own substitute be laid on the table and that of Mr. Hoar, with his proposed amendment, be adopted.

To this Mr. Pettigrew objected.

It was evident, he said, that the object of the administration was to keep the detailed information from the people and it was quite as evident that the political success of the president and of the Republican party was of greater concern to the imperialists than whether the information asked for should reach the Filipinos.

The trouble with the imperialists, said Mr. Pettigrew, "is that they have confounded the interests of the people of the United States with the political desires and ambitions of their puny president and regarded him and his success as more important than a rightful treatment of the Filipinos."

Mr. Pettigrew said he wanted the information which he was seeking whether the president regarded the publication of it as compatible with the public interests or not. And he wanted to know whether the president desired it should or should not be known.

He declared that important and significant facts had been stricken from news dispatches from Manila and from official reports because it was regarded by the powers that be as undesirable that they should reach the American people.

"As an instance of this work," said he, "the Sulu treaty was mangled and partly suppressed until after the election in Ohio."

He discussed at length the proclamation issued by the president, declaring that it was in such shape that General Otis recommended it should be changed in order not to provoke hostilities on the part of the Filipinos. Subsequently, he said, it was altered materially and, as altered, was published to the Philippine natives. As originally drawn, it was to his mind a flat declaration of war, and when Aguinaldo and his leaders came into possession of the original they so regarded it.

Mr. Pettigrew quoted from a letter written by Mr. Robert M. Collins, Associated Press representative at Manila,

in which he related the substance of an interview upon the subject of censoring dispatches which he had had with General Otis. Mr. Pettigrew read the statement of Mr. Collins, in which he said it was the evident desire of the officials to prevent certain information from reaching the people of the United States. When he (Collins) had filed a dispatch containing information which he thought was proper to send to the United States he had been informed by the censor that he had been instructed to cut out anything that might hurt the administration. Subsequently, when he had desired to send a story relating to the use of silver in the Philippines, the censor had told him that his instructions were to allow nothing to pass him which would be helpful to William Jennings Bryan in the United States.

Mr. Pettigrew declared that the president himself really began the war in the Philippines and was responsible for it. "If," said he, "the administration had had a spark of honor in dealing with the Filipinos, it would have told General Merritt to lay the whole truth of the intentions of the government before Aguinaldo and his associates."

Had this been done, Mr. Pettigrew believed that half the trouble might have been averted. That we had fired the first shot which had precipitated hostilities, nobody denied.

Even after the fighting had begun, he said, an effort was made by Aguinaldo to secure a suspension of hostilities, but had been told by General Otis that now the fighting had been begun it must continue to the grim end.

"It," said Mr. Pettigrew, "I were a Filipino, I would fight until I was gray against the unholy aggression of the United States. If this country is wrong, this country could take no grander position before the nations of the world than to admit that it is wrong. We have reached the turning point. We must decide whether we are to pursue a course of capacity and aggression on the British principle or to pursue a course of justice and right."

REBELS WERE WILLING TO HELP.
Information Dewey Sent Previous to Battle Sent to Congress.

WASHINGTON, Jan. 12.—In reply to a demand from the senate regarding information received from Dewey by the department, prior to the attack on Manila, a communication was received saying Dewey said he had information that the Spanish fleet was inefficient, while his fleet was efficient, that the Spanish army was about 15,000 in the islands, about half in the vicinity of Manila, and that the soldiers were disaffected. Both ships and forts were in need of ammunition. He believed he could take the fleet and defenses in one day. He further said in part:

"There is every reason to believe that with Manila taken or even blockaded the rest of the islands would fall either to the insurgents or ourselves, as they are only held now through the support of the navy and are dependent upon Manila for supplies. Information has just reached me that there are 5,000 armed rebels in camp near Manila, who are willing to assist us."

BRITISH REPLY RIGHT

Answer Received as to Flour Seizures.

OUR CONTENTION WAS UPHELD.

Salisbury's Position Just What May Expected—Food Contraband Only When Sent For Intended Use of Enemy Statement by State Department.

WASHINGTON, Jan. 12.—The answer of the British government to Mr. Choate's representations respecting the seizures of American flour and other goods on the vessels Beatrice, Mashona and Maria was received here. The British government adopts precisely the point of view regarding the seized goods that was assumed by the state department and embodied by Mr. Choate in his note on the subject addressed to the British foreign office.

The following official statement was given out by the state department: A telegram has been received from Ambassador Choate reporting an interview had by him with the Marquis Salisbur-

senatorial election investigation case of Senator Clark, of Montana, and three other witnesses, among them State Treasurer Collins, State Senator W. A. Clark, of Madison county, were heard.

Mr. Collins' statement related entirely to the depositing of the \$30,000 in \$1,000 bills turned over to the legislative investigating committee by Whiteside and by that committee deposited with the treasurer. Mr. Collins exhibited this.

Clark detailed the particulars of his acceptance of \$10,000 from Mr. Welcome, said to be one of Mr. Clark's managers, on the understanding that he was to vote for Mr. Clark for the senate. The witness said he had only accepted the money for the purpose of exposing the proceeding.

40,000 VIEWED THE DEAD.

Great Outpouring in New York to Do Honor to the Rev. Dr. McGlynn's Memory.

NEW YORK, Jan. 12.—The funeral of the Rev. Dr. McGlynn in St. Stephen's church, of which he was formerly pastor, was the occasion of a manifestation of popular affection such as has rarely been witnessed. The coffin containing the remains of the beloved priest was deposited at the altar rail of the church and at 5:30 a. m. and from that time until the doors were closed at 12:30 p. m., 40,000 persons, it is estimated, looked upon the face of the dead.

Many remained in the church and the pews were crowded with more than 2,500 persons long before the doors were closed. At that time there were many on the street who had not been able to gain admission.

The obsequies began in a solemn chant for the dead, conducted by Rev. Thomas F. McLoughlin and Rev. Thomas O'Connor of St. Stephen's.

The mass of requiem, according to the rules of the Roman Catholic faith, was celebrated by the Rev. Charles McGreal, Right Rev. Monsignor J. F. Mooney, vicar general, delivered the eulogy and the final absolution was given by Archbishop Corrigan.

The body was taken to Calvary cemetery, in Brooklyn.

A meeting in memory of the late Rev. Dr. Edward McGlynn was held last night in Cooper Union under the auspices of the Manhattan Single Tax club. The hall was crowded and a large portrait of the dead priest hung at the back of the stage. Speeches eulogizing Father McGlynn were made by the president of the club, W. D. McCracken, Prof. Charles Sprague Smith, Henry George, Rev. Father Ducey, Tom L. Johnson and John S. Crosby.

PRELIMINARY MEETINGS HELD.

Seth Low Presided at One Where the General Plans Were Made Public. About 2,200 Delegates Expected—President McKinley to Be Invited.

NEW YORK, Jan. 12.—At meetings held here the foundation plans were laid for the ecumenical conference to be held in this city from April 21 to May 1, 1900.

The meeting last night was merely a preliminary one, presided over by President Seth Low, of Columbia university, for the purpose of placing before those interested in the conference the general scope and working plan of the body to meet here in April. The meeting in the day was of a private nature, the best methods of interesting church men and women of the country in the undertaking being discussed.

At last night's meeting a number of notable speakers, including Seth Low and Rev. J. T. Gracey, president of the International Missionary union, gave the details of the proposed conference.

SETH LOW.

It is expected that there will be present about 2,200 delegates from all over the world. Those from the United States and Canada will be expected to pay their own expenses, but the 400 or more from foreign countries will have their expenses paid and be entertained while here in the city.

A special committee will go to Washington to urge President McKinley to be present during one of the days.

It was announced that responses have come from various missionary societies and societies of a similar nature, and that the outlook for the conference is bright.

Ex-President Benjamin Harrison has consented to act as honorary president, and the officials expect to have present ex-President Cleveland, Admiral Dewey, Rear Admiral Philip, Chief Justice Brewer and many other notables from this country, Canada and other countries.

The conference will be formally opened Saturday, April 21, with a meeting in Carnegie hall.

SUBURBAN NEWS.

LEASED COAL LANDS.

M'DONALD ENGINEERS A BIG DEAL

And Another Mill May Be Erected at Georgetown.
News of Chester.

Negotiations are about closed for the lease of a valuable tract of coal land at Georgetown. The prospective lessee is James E. McDonald, of Liverpool. McDonald is representing capitalists who are considering the erection of an iron plant upon the property, but for the present the object of the deal is to secure fuel for the Chester rolling mill at Chester.

The land is owned by Chester B. Lawrence, of New York, Frank E. Simpson, of Boston, and John R. Peters, of Georgetown. The lease as drawn up is for 25 years and the price to be paid is seven and one-half cents per ton with the usual allowance for nut and slack coal. It has been estimated by Mr. Peters that the veins under the land contain about 8,000,000 tons, and the coal may be all taken out in 20 years if actively worked.

The property consists of nearly 250 acres and the two Freeport and cannel veins may be tapped by a drift. The entrance is 800 feet from the river on a gentle slope and the coal will be loaded on flats at the water's edge and sent down to Chester and East Liverpool. Mr. McDonald expects to get out from 200 to 800 tons daily, and to this end the mine will be equipped with modern machinery.

The property has been in the hands of the present owners for 20 years, but the mine has been idle since 1878. Prior to that time enough coal was mined to supply the immediate neighborhood under the direction of Captain Calhoun, a popular riverman. A small boom followed and arrangements were made to ship the coal south. Some money was spent in fitting up the mine with cars, tracks and the building of a coal tipple. Several coalboats were also purchased. After active work had commenced the natural gas boom came and operations at this mine stopped. The floods carried off the coal flats and a few old buildings is all that now mark what at one time promised to be a busy place.

To Make Repairs and Improvements Recommended

FOR THE COUNTY JAIL AT LISBON

Bath Tub For the Prisoners Included In the Specifications--County Commissioners and Judge Smith Want to Make the Job Complete While at It.

LISBON, Jan. 12.—[Special]—The recommendations by Sheriffs Gill and Noragon for the repairs and improvements at the county jail which are now in the hands of the county commissioners include sewerage, a steam heater, a bath tub and repairs to the roof. The common pleas judge has authority to order such improvements as he thinks are necessary for the safety and health of the prisoners, and the improvements mentioned have the approval of Judge Smith. The estimated cost is \$2,010. The commissioners say that in their judgment it will be wise to make other improvements that are unquestionably needed, at the same time, and that in an interview it seemed highly probable that their plans could be harmonized so that the entire work may be done in a creditable and satisfactory manner.

According to the rules White and Burgess should be left out of the debate and Health Officer Ogden take a hand.

EAST LIVERPOOL, O. FRIDAY, JAN. 12.

FOR PRESIDENT--Second Term.
WM. M'KINLEY,
of Ohio.

THE story that Methuen is crazy probably arose from the fact that he is fighting mad.

It cost Golden Rule Jones \$88,000 to discover that the people of Ohio didn't want him for governor.

THE state legislature has decided to withhold its sympathy in the Transvaal matter until they see which side needs it most.

ONCE more the warring Kentuckians announce that they will fight, if necessary. That settles it. It will never be necessary enough.

WILLIAM PATTERSON, the Pittsburg murderer who is to be hung Tuesday, has written a poem of warning to young men. Why wait until Tuesday?

THE story that 3,000 Spanish ex-soldiers wanted to enlist in the British army and were refused is probably true enough—the refusing part anyhow.

IMPOSSIBLE.

It is impossible to describe the disgust which fills the American people when they contemplate Pettigrew of South Dakota.

WHICH IS RIGHT?

Atkinson, Hoar, et al., oppose the annexation of the Philippines because they claim the Filipino is so intelligent he should be allowed to run the islands to suit himself. Bryan opposes the annexation because he claims the Filipino is so degraded and savage that he isn't fit to be annexed. Which is right, or are both wrong?

TO THE PEN.

Gertie Williams Violated the Terms of Her Parole and Goes Back to Columbus.

Gertie Williams, who was arrested in this city yesterday by Chief of Police Clemons, of Wheeling, as exclusively stated in the NEWS REVIEW, was paroled from the Columbus penitentiary six years ago, where she was sent for shooting a man at Bellaire. The penitentiary authorities claim she has repeatedly violated the terms of her parole by failing to report to them. It was learned she was in a disorderly house at Wheeling and the chief of police there was asked to arrest her. She will be taken back to Columbus.

The total receipts were \$202.60. Of this amount J. H. Balmer, manager of the performers, got \$151.95 and a fourth of the proceeds were to go to the Grand, making \$50.65 as their share, but they only charged the Hospital association \$35 for the house and donated the balance, \$15.65, to it.

TO BUILD AN EXTENSION

Improvements Contemplated at St. Stephen's Church.

BUILDING ENLARGED ONE-HALF

And Will be in the Shape of a Cross When Completed—Seating Capacity 550—Definite Action Will be Taken at the Easter Vestry Meeting.

St. Stephen's congregation are contemplating extensive improvements to their church and when the work is finished all the available ground in the rear of the church will be used.

It is the intention to build an addition to the present church, and the building when finished will be in the shape of a cross. The structure will be of brick and the church will be increased one-half in size and will be 125 feet long, while the seating capacity will be 550. The present building will be thoroughly remodeled. Definite action will be taken on the project at the Easter meeting of the vestry.

NOTES OF THE PLANTS

And Other Items That Will Interest the Pottery Trade.

The new additions at the Rookwood pottery, Cincinnati, have been completed. The new building is devoted to the reception room, warerooms and offices. The exterior of the building is of early English style, the interior being of Colonial architecture. The offices are on the second floor and here also is the museum. The latter is devoted to famous pieces of pottery from all over the world as well as some of the early attempt at pottery by the aborigines of America. The collection is considered the finest in the United States.

The Torbet pottery plant at Brazil, Ind., has been purchased by J. H. Halstead for \$2,200 and will be remodeled.

The Arsenal pottery at Trenton has been sold. William Balderson, of Dillington, Pa., bought the greater part of the pottery for \$11,788.

A collapsible crockery drainer has been put on the market by the Proctor Bros. company, of the Leeds wire works. It can be placed at the side of a sink and is arranged so that pieces of crockery can be held separately after washing. One end is raised to support plates and dishes but it can be closed when not in use.

George Harrison, of this city, has accepted a position at the Oliver China works, Sebring. He was formerly employed at Goodwins.

The time used in Sebring is eastern standard.

The Sheufelder potteries at Reading, Pa., have ceased operation.

S. S. Snyder, who conducted a crockery store at Charlotte, N. C., has filed a petition in bankruptcy.

W. H. Allison has gone from Rock Mills, Ala., to Jacksonville, Fla., to engage in the sale of pottery.

George W. Halligan has opened a large crockery store at Shelburne Falls, Mass.

The Bicknell-Wood company, crockery dealers of Providence, R. I., have assigned.

Gruby Faience company, of Boston, have adopted the lotus flower as a trade mark, and William H. Lopp, Washington, D. C., has taken out a patent on a tea cup design.

McDonald Bros., crockery dealers, of Minneapolis, were burned out last month. Loss \$15,000.

The Somerset pottery at Providence, R. I., has resumed after a long idleness.

The Goodwin Pottery company have discontinued making C. C. ware, and hereafter the pottery will turn out nothing but porcelain and iron stone china. The firm made an unusually fine grade of C. C. and it was hard to distinguish it from granite.

The contract will be let Saturday for the new Taylor, Lee & Smith pottery to be erected on the South Side.

Harvey McHenry yesterday was awarded the contract for the new addition to be built by the R. Thomas & Sons company and work was commenced today. The brick work has been awarded to Hill & Wallace. Work on the new office at the plant is progressing rapidly.

The kilndrawers will meet this evening for the purpose of organizing a union.

AS USUAL.

"A Comedy of Errors" Appeared in Last Evening's Edition of a Newspaper (?)

A paper in this city is noted for the blunders and misrepresentations made in its columns. The sheet capped the climax last night in a criticism it made respecting a well-known and popular vocalist of East Liverpool, terming her a "popular music teacher," when she never gave a music lesson in her life, and speaking of the "splendid training she has given her pupils," something that the charming vocalist has not yet had the honor of teaching. Fortunately for the sheet in question, it gave the date of the to-be given concert correctly and spelled the vocalist's name properly, but blundered, as usual, respecting the spelling of the names of the young lady's able assistants. The would-be newspaper had an unusually bad "spell" last night. Truly, the lower region sheet is not much of a journal.

A PLEASANT AFFAIR.

Mrs. Louis Steinfield Entertained Her Lady Friends Yesterday Afternoon.

Mrs. Louis Steinfield yesterday afternoon pleasantly entertained a number of lady friends at her home on Walnut street at cards. The favors were won by Mrs. W. H. Gass and Mrs. C. A. Bough. The sentence "Hurrah for William McKinley and Protection" was given the guests for each person to make out a bill of fare, using a letter in the sentence as a foundation for the word used in the bill of fare. Mrs. C. C. Thompson won the favor in this contest. Refreshments were served. The event was one of the most pleasant affairs of the season.

A RICH TREAT

In Store For Lovers of Music and Lovers of Rare Elocutionary Talent.

The Ladies' Auxiliary to the Y. M. C. A. will give a rich treat to the citizens of East Liverpool on Thursday night, February 1, in Y. M. C. A. hall, when Madame Fry and her charming and talented daughter, Miss Eugenie, will appear in vocal and instrumental music, readings, recitations and musical declamations. Miss Fry is a very talented violinist, and her singing is simply superb, her voice being a pure, strong and sweet soprano. The admission has been placed at the low figure of twenty-five cents, and the house should be crowded.

POLICE MADE A RAID

Five Boys Were Captured at the Grand.

ONE OF THE YOUNGSTERS GOT OUT

But the Rest of Them Spent the Night in the City Jail—The Time for the Hearing Has Not Been Set—Pinkerton Will Call Tonight.

The small boys of the city are furnishing Mayor Bough with considerable business at the present time.

Last night Officers White and Davidson made a raid on the small boys that loiter around the steps at the Grand Opera house and annoy every person that comes within a block of the theatre. The boys captured were George Little, Edward Dinerstein, Arthur Putnam, Harry Hepner and Fred Malcolm. All the boys spent the night in jail except Putnam, whose mother appeared at city hall and went security for her boy.

This morning Dinerstein's father got him out of jail and Hepner's mother did likewise for him. The Little and Malcolm boys were turned out at noon. No time has been set for the hearing.

The Pinkerton boy who was mixed up in the East End affair a few days ago will get a hearing before the mayor this evening.

Two young men named Merrill and Reynold occupied cells in the city jail last night. They claimed they came from Toledo and were looking for work. They said they had heard East Liverpool was a good town and expect to get work here. They were well dressed and did not have the appearance of tourists.

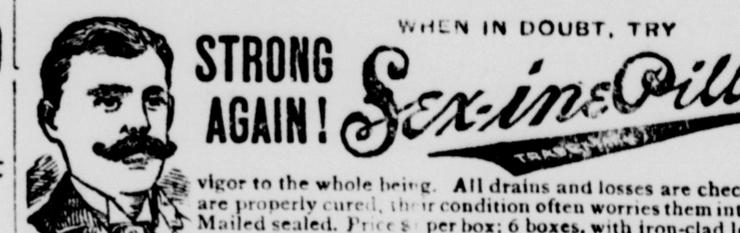

THEY WERE MARRIED.

Charles Dock and Miss Lilly Campbell United by 'Squire McLane.

Constable Miller, after a drive through the rain, returned last evening from Lisbon with the marriage license for Charles Dock, of Industry, and Miss Lilly Campbell, of this city. 'Squire McLane married them. This is the case in which the young man was too young to get a license, and Constable Miller, secured the permission of the parents, believing that the two young people should be granted their hearts' desire.

Earl a Candidate.

In yesterday's paper we had it from reliable authority that Mr. Frank Earl had withdrawn from the race for the position of marshal of East Liverpool. Mr. Earl personally states today that he is not a quitter, but will be in the fight to the finish, with the certain intention of winning a victory. All he asks is a fair field and a square fight and he will make no kick in case of defeat.

A COUNCILMAN

DISCOVERED WHY THERE WAS SO LITTLE WORK DONE ON THE EAST END STREETS.

Recently council decided that Street Commissioner Finley was not doing enough work on East End streets, so a member of council interviewed him. Finley explained that he had to remain an hour and a half at the fire station while Foreman Terrence got his breakfast and the same length of time while he went to his dinner and supper, making a total of four hours and a half each day. The councilman figured if it took Finley the same length of time to get his meals it would consume the entire nine hours each day, and he didn't wonder there was no work done on the streets.

Wilshaw came to East Liverpool from England about six months ago, securing work in the East End pottery. Besides an uncle these are the only relatives he has in this country.

In the "good old days" a man's care for his health was marked by the completeness of the armor in which he locked himself up.

It was very unhealthy in those "merry days" of jovial robber barons, to be outside of the steel case of knighthood.

It was steel vs. steal every hour of the day.

In our times a man needs to be armed inside rather than out.

The gentle germ is like love in that he "laughs at locksmiths."

You can't lock him out, but you can make it so mighty uncomfortable for him that he'll be glad to get out and seek some other lodging.

The greatest protection against disease is a healthy condition of the stomach and other organs of digestion and nutrition.

Health is the true armor against the germ.

The health of the stomach and allied organs is assured to those who use Dr. Pierce's Golden Medical Discovery.

It purifies the blood, strengthens the stomach, nourishes the nerves and gives new life to the lungs.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

I used ten bottles of Dr. Pierce's Golden Medical Discovery a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm."

Proposed to Merge Three Schools Under One Management — Advisory Committee Appointed.

NEW YORK, Jan. 12.—In connection with the proposed Moody memorial endowment the trustees of the Northfield Seminary and Training School For Young Women, the Mount Herman School For Young Men and the Bible Institute, Chicago, met here. It is proposed to merge the three institutions under one management and to have a financial committee and an advisory committee to take charge of the whole business affairs.

A Moody memorial advisory committee was appointed as follows:

William E. Dodge, James Talcott, Anson Phelps Stokes, Jr., D. W. McWilliams, Morris K. Jessup, D. Willis James, John S. Kennedy, Ira D. Sankey, all of New York; E. G. Keith, Cyrus McCormick, Victor F. Lawson, all of Chicago; John H. Converse, John Wanamaker of Philadelphia, C. A. Hopkins of Boston and Francis White of Baltimore. John Willis Baer, secretary of the Christian Endeavor society, sent a telegram of regret at not being present and asking to be counted upon to loyalty support the united policy of Will Moody, the family's trustee.

It was decided to issue an appeal to the public to subscribe the \$3,000,000 required to meet the expenses of the institution. D. W. McWilliams was selected as treasurer and the following were appointed a committee to invest money as it was subscribed:

William E. Dodge, James Talcott and Morris K. Jessup.

Lord Overton of Glasgow and James A. Denny of London will be asked to become the committee to take charge of the memorial endowment in Great Britain.

Will R. Moody announced that the conferences would be held at Northfield the coming and succeeding summers as usual.

THOUSANDS KILLED AT LADYSMITH

English Loss About 900—A Rumor That the Boer Casualties Were Between 2,000 and 3,000.

LONDON, Jan. 12.—The Daily Mail said:

"We learn that in the attack on Ladysmith last Saturday, January 6, the British losses were 14 officers killed, 34 wounded and over 800 non-commissioned officers and men killed or wounded."

"The Boer losses, we hear, are estimated at between 2,000 and 3,000."

A dispatch to The Daily Mail from Pietermaritzburg, dated Jan. 8, said:

"Private advices from Ladysmith, dated Jan. 2, say that rations of bread and meat are plentiful and the garrison had not touched the "bully" beef and biscuit supplies. Luxuries are scarce in Ladysmith, but the hospitals are well supplied with milk and the horses are in good condition."

LIEUT. COM. GREEN SUICIDED.

Schley Cabled the News Board to Investigate.

WASHINGTON, Jan. 12.—The following cablegram was received at the navy department from Admiral Schley, commanding the South Atlantic station:

"MONTEVIDEO, Jan. 11.

Secretary Navy, Washington:

"Lieutenant Commander F. E. Green committed suicide Wednesday. Arrangements have been made for burial ashore. A board is ordered to examine the circumstances of the case and report."

Fatal Shooting Affray.

WHITEBURN, Ky., Jan. 12.—During a quarrel over a game of cards in a "blind tiger" at Pound Gap, Taze Hall and Henry Leap were killed and Dave Sutherland and Henry Campbell mortally wounded. Arch Leap and Henry Sullivan were also wounded.

Wire Company Likely to Refuse.

CLEVELAND, Jan. 12.—Next Monday is the time set for the decision of the American Steel and Wire company on the scale of wages proposed by the National Association of Rod Mill Workers. There is little doubt that the company will refuse to sign a scale of any kind, especially as it recently announced a general increase of 7½ per cent in the pay of all employes.

Found Boer Camp.

LONDON, Jan. 12.—The Standard has the following dispatch, dated Monday, from Frere camp: "Our patrols have searched both flanks of the Boer position. They found a large camp five miles east of Colenso, evidently in anticipation of a British attempt at a turning movement."

IS GEN. METHUEN MAD?

Report to That Effect—Denied at the War Office That He Will Be Recalled.

LONDON, Jan. 12.—The officials of the war office here denied the report published in the United States that General Methuen has been recalled.

CHICAGO, Jan. 12.—A special cable to the Chicago Tribune from London says: Lieutenant General Lord Methuen, commanding the column advancing to the relief of Kimberley, is to be relieved of his command within two weeks. Later he will be sent to Cape Town and eventually ordered home. When he reaches England he will be retired. These facts have been confirmed by an official of the war office.

Friends of Lord Methuen insist he is only in broken health; that the strain of many campaigns has shattered his

naturally nervous system. Those who know the circumstances and the situation on the Modder river equally well, however, are willing to state facts plainly, and say that Methuen's mind is unbalanced.

A BOMB FALEUSION.

It Badly Scared an Audience at Harvard University—Joke Was Ahead of Time.

CAMBRIDGE, MASS., Jan. 12.—The explosion of a bomb in a closet in Sanders' theater at Harvard while 500 or 600 people were listening to a Beethoven pastoral by the Boston Symphony orchestra not only put a sudden end to the concert, but for a few minutes, by reason of the panic which followed, threatened the lives of many in a rush for the doors.

Fortunately the turmoil was calmed and the audience left quietly.

The coll'g' authorities believe the whole affair was intended as a joke on the history class, and that it exploded 12 hours ahead of time.

May Be Arbitrably Settled.

BERLIN, Jan. 12.—It is asserted that the German cruisers Schwalbe and Condor, which were ordered to Delagoa bay, have been instructed to proceed instead to Cape Town. This indicates a belief in German official circles that the contraband controversy will be amicably settled.

Portugal Enforcing Neutrality.

LORENZO MARQUES, Jan. 12.—Inspection of travelers bound to the Transvaal is revived under an old law. No one will be allowed to proceed unless he declares before his consul that he has no intention of fighting for the Boers.

TWO CENTS

PETTIGREW'S TIRADE

Cut Right and Left at McKinley's Administration.

"PUNY PRESIDENT" ONE PHRASE

Charged Him With Being Responsible
for the Filipino Rebellion—Said Sulu
Treaty Was "Mangled" and Partly
"Suppressed" Until After Ohio Election.

WASHINGTON, Jan. 12.—The resolution offered by Mr. Pettigrew (S. D.) several days ago, together with the substitute for it offered by Mr. Lodge (Mass.), was laid before the senate, the object of both the resolution and the substitute being to obtain from the president, if not incompatible with public interests, all information in regard to the insurrection in the Philippines. Mr. Lodge suggested that both Mr. Pettigrew's resolution and his own substitute be withdrawn and that the resolution offered by Mr. Hoar, with suitable amendments, be adopted as a substitute for both.

Mr. Lodge said he proposed to offer a further amendment to include any information coming to the war department of plans of people of the Philippines in arms against the United States as to the projected uprising in the city of Manila for the destruction of foreign property and massacre of residents; also regarding treatment of prisoners by insurgents, also as to the published reports of the plan to throw dynamite bombs during the funeral of General Lawton to create diversion during which an uprising was to occur, also to cover information regarding the anti-imperialistic utterances which were being disseminated among the insurgents and alleged documents circulated among United States soldiers serving in the Philippines last summer, urging them not to re-enlist.

Mr. Lodge thought there was no disposition in any quarter to suppress information.

Mr. Hoar said he was in general accord with his colleague. He would be glad to have the correspondence between the president and the peace commission at Paris, but at this time would not insist upon that. He wanted, however, the distinct recommendations and instructions of the president to the Philippine commission.

Mr. Lodge suggested that the resolution of Mr. Pettigrew and his own substitute be laid on the table and that of Mr. Hoar, with his proposed amendment, be adopted.

To this Mr. Pettigrew objected.

It was evident, he said, that the object of the administration was to keep the detailed information from the people and it was quite as evident that the political success of the president and of the Republican party was of greater concern to the imperialists than whether the information asked for should reach the Filipinos.

"The trouble with the imperialists," said Mr. Pettigrew, "is that they have confounded the interests of the people of the United States with the political desires and ambitions of their party president and regarded him and his success as more important than a righteous treatment of the Filipinos."

Mr. Pettigrew said he wanted the information which he was seeking whether the president regarded the publication of it as compatible with the public interests or not. And he waited to see whether the president desired it should or should not be known.

He declared that important and significant facts had been stricken from news dispatches from Manila and from official reports because it was regarded by the powers that be as undesirable that they should reach the American people.

"As an instance of this work," said he, "the Sulu treaty was mangled and partly suppressed until after the election in Ohio."

He discussed at length the proclamation issued by the president, declaring that it was in such shape that General Otis recommended it should be changed in order not to provoke hostilities on the part of the Filipinos. Subsequently, he said, it was altered materially and, as altered, was published to the Philippine natives. As originally drawn, it was to his mind a flat declaration of war, and when Aguinaldo and his leaders came into possession of the original they so regarded it.

Mr. Pettigrew quoted from a letter written by Mr. Robert M. Collins, Associated Press representative at Manila,

in which he related the substance of an interview upon the subject of censoring dispatches which he had had with General Otis. Mr. Pettigrew read the statement of Mr. Collins, in which he said it was the evident desire of the officials to prevent certain information from reaching the people of the United States. When he (Collins) had filed a dispatch containing information which he thought was proper to send to the United States he had been informed by the censor that he had been instructed to cut out anything that might hurt the administration. Subsequently, when he had desired to send a story relating to the use of silver in the Philippines, the censor had told him that his instructions were to allow nothing to pass him which would be helpful to William Jennings Bryan in the United States.

Mr. Pettigrew declared that the president himself really began the war in the Philippines and was responsible for it. "If," said he, "the administration had had a spark of honor in dealing with the Filipinos, it would have told General Merritt to lay the whole truth of the intentions of the government before Aguinaldo and his associates."

Had this been done, Mr. Pettigrew believed that half the trouble might have been averted. That we had fired the first shot which had precipitated hostilities, nobody denied.

Even after the fighting had begun, he said, an effort was made by Aguinaldo to secure a suspension of hostilities, but had been told by General Otis that now the fighting had been begun it must continue to the grim end.

"If," said Mr. Pettigrew, "I were a Filipino, I would fight until I was gray against the unholy aggression of the United States. If this country is wrong, this country could take no grander position before the nations of the world than to admit that it is wrong. We have reached the turning point. We must decide whether we are to pursue a course of rapacity and aggression on the British principle or to pursue a course of justice and right."

REBELS WERE WILLING TO HELP.

Information Dewey Sent Previous to Battle Sent to Congress.

WASHINGTON, Jan. 12.—In reply to a demand from the senate regarding information received from Dewey by the department, prior to the attack on Manila, a communication was received saying Dewey said he had information that the Spanish fleet was inefficient, while his fleet was efficient, that the Spanish army was about 15,000 in the islands, about half in the vicinity of Manila, and that the soldiers were disaffected. Both ships and forts were in need of ammunition. He believed he could take the fleet and defenses in one day. He further said in part:

"There is every reason to believe that with Manila taken or even blockaded the rest of the islands would fall either to the insurgents or ourselves, as they are only held now through the support of the navy and are dependent upon Manila for supplies. Information has just reached me that there are 5,000 armed rebels in camp near Manila, who are willing to assist us."

More Election Fraud Indictments.

PHILADELPHIA, Jan. 12.—True bills were rendered against Samuel R. Markley, Joseph S. Hogan, Frank Pearce, George Roseman, Edward Kenny, William Scott, Edward Kennedy and Caas Wesley, charging them with fraudulently making, signing and receiving false vouchers in the Twelfth division of the Fifth ward at the November election. There are three separate bills of indictment against Markley.

Pledges of aid were voted, \$121,649 to 125 churches on houses of worship; \$29,745 to 65 churches on parsonages.

BRITISH REPLY RIGHT

Answer Received as to Flour Seizures.

OUR CONTENTION WAS UPHELD.

Salsbury's Position Just What Hay Expected—Food Contraband Only When Sent For Intended Use of Enemy Statement by State Department.

WASHINGTON, Jan. 12.—The answer of the British government to Mr. Choate's representations respecting the seizures of American flour and other goods on the vessels Beatrice, Mashona and Maria was received here. The British government adopts precisely the point of view regarding the seized goods that was assumed by the state department and embodied by Mr. Choate in his note on the subject addressed to the British foreign office.

The following official statement was given out by the state department: A telegram has been received from Ambassador Choate reporting an interview had by him with the Marquis Salsbury

senatorial election investigation case of Senator Clark, of Montana, and three other witnesses, among them State Treasurer Collins, State Senator W. A. Clark, of Madison county, were heard.

Mr. Collins' statement related entirely to the depositing of the \$30,000 in \$1,000 bills turned over to the legislative investigating committee by Whiteside and by that committee deposited with the treasurer. Mr. Collins exhibited this money.

Clark detailed the particulars of his acceptance of \$10,000 from Mr. Welles, said to be one of Mr. Clark's managers, on the understanding that he was to vote for Mr. Clark for the senate. The witness said he had only accepted the money for the purpose of exposing the proceeding.

40,000 VIEWED THE DEAD.

Great Outpouring In New York to Do Honor to the Rev. Dr. McGlynn's Memory.

NEW YORK, Jan. 12.—The funeral of the Rev. Dr. McGlynn in St. Stephen's church, of which he was formerly pastor, was the occasion of a manifestation of popular affection such as has rarely been witnessed. The coffin containing the remains of the beloved priest was deposited at the altar rail of the church and at 5:30 a. m. and from that time until the doors were closed at 12:30 p. m., 40,000 persons, it is estimated, looked upon the face of the dead.

Many remained in the church and the pews were crowded with more than 2,500 persons long before the doors were closed. At that time there were many on the street who had not been able to gain admission.

The obsequies began in a solemn chant for the dead, conducted by Rev. Thomas F. McLoughlin and Rev. Thomas O'Connor of St. Stephen's.

The mass of requiem, according to the rules of the Roman Catholic faith, was celebrated by the Rev. Charles McCready. Right Rev. Monsignor J. F. Mooney, vicar general, delivered the eulogy and the final absolution was given by Archbishop Corrigan.

The body was taken to Calvary cemetery, in Brooklyn.

A meeting in memory of the late Rev. Dr. Edward McGlynn was held last night in Cooper Union under the auspices of the Manhattan Single Tax club. The hall was crowded and a large portrait of the dead priest hung at the back of the stage. Speeches eulogizing Father McGlynn were made by the president of the club, W. D. McCracken, Prof. Charles Sprague Smith, Henry George, Rev. Father Ducey, Tom L. Johnson and John S. Crosby.

BOER SYMPATHY RESOLUTION.

Action in the House at Columbus Indefinitely Postponed.

COLUMBUS, Jan. 12.—The Ohio house of representatives indefinitely postponed action on the resolution expressing sympathy with the Boers in their war with Great Britain. The British position as to foodstuffs and hostile destination is that they can only be considered contraband of war if supplied for the enemy's forces, it not being sufficient that they are capable of being so used, but it must be shown that this was their destination at the time of seizure. This qualification virtually concedes the American contention that the goods were not subject to seizure and practically disavows the seizure; it not being claimed that there is any evidence of hostile destination.

Denied Manila Railway Demand.

WASHINGTON, Jan. 12.—Acting Secretary Meiklejohn of the war department denied the application of the Manila Railway company, Limited, for payment by the United States of interest on the capital invested in the railway owned and operated by said company pursuant to a guarantee of said interest by the Spanish government. It is a corporation organized under the laws of Great Britain.

WORLD'S CONFERENCE

Religious Gathering In New York In Spring.

PRELIMINARY MEETINGS HELD.

Seth Low Presided at One Where the General Plans Were Made Public. About 2,200 Delegates Expected—President McKinley to Be Invited.

NEW YORK, Jan. 12.—At meetings held here the foundation plans were laid for the ecumenical conference to be held in this city from April 21 to May 1, 1900.

The meeting last night was merely a preliminary one, presided over by President Seth Low, of Columbia university, for the purpose of placing before those interested in the conference the general scope and working plan of the body to meet here in April. The meeting in the day was of a private nature, the best methods of interesting church men and women of the country in the undertaking being discussed.

At last night's meeting a number of notable speakers, including Seth Low and Rev. J. T. Gracey, president of the International Missionary union, gave the details of the proposed conference.

SETH LOW.

It is expected that there will be present about 2,200 delegates from all over the world. Those from the United States and Canada will be expected to pay their own expenses, but the 400 or more from foreign countries will have their expenses paid and be entertained while here in the city.

A special committee will go to Washington to urge President McKinley to be present during one of the days.

It was announced that responses have come from various missionary societies and societies of a similar nature, and that the outlook for the conference is bright.

Ex-President Benjamin Harrison has consented to act as honorary president, and the officials expect to have present ex-President Cleveland, Admiral Dewey, Rear Admiral Philip, Chief Justice Brewer and many other notables from this country, Canada and other countries.

The conference will be formally opened Saturday, April 21, with a meeting in Carnegie hall.

ST. JOHNS, N. F., Jan. 12.—A large steamer, believed to be a passenger ship whose name cannot yet be ascertained, has been wrecked on a reef in St. Mary's bay, about five miles from shore.

The vessel, which lies with her head low in the water, is on fire aft.

Several persons have been washed off the deck during the day.

Just before nightfall others were described in the rigging. It is feared that these will perish before daybreak.

At this hour, 9 p. m., it is impossible to secure any further particulars, nor can any be obtained before morning.

SUBURBAN NEWS.

LEASED COAL LANDS.

M'DONALD ENGINEERS A BIG DEAL AT EAST END WITHIN TEN DAYS.

And Another Mill May Be Erected at Georgetown. News of Chester.

Negotiations are about closed for the lease of a valuable tract of coal land at Georgetown. The prospective lessee is James E. McDonald, of Liverpool. McDonald is representing capitalists who are considering the erection of an iron plant upon the property, but for the present the object of the deal is to secure fuel for the Chester rolling mill at Chester.

The land is owned by Chester B. Lawrence, of New York, Frank E. Simpson, of Boston, and John R. Peters, of Georgetown. The lease as drawn up is for 25 years and the price to be paid is seven and one-half cents per ton with the usual allowance for nut and slack coal. It has been estimated by Mr. Peters that the veins under the land contain about 8,000,000 tons, and the coal may be all taken out in 20 years if actively worked.

The property consists of nearly 250 acres and the two Freeport and cannel veins may be tapped by a drift. The entrance is 800 feet from the river on a gentle slope and the coal will be loaded on flats at the water's edge and sent down to Chester and East Liverpool. Mr. McDonald expects to get out from 200 to 300 tons daily, and to this end the mine will be equipped with modern machinery.

The property has been in the hands of the present owners for 20 years, but the mine has been idle since 1878. Prior to that time enough coal was mined to supply the immediate neighborhood under the direction of Captain Calhoun, a popular riverman. A small boom followed and arrangements were made to ship the coal south. Some money was spent in fitting up the mine with cars, tracks and the building of a coal tipple. Several coalboats were also purchased. After active work had commenced the natural gas boom came and operations at this mine stopped. The floods carried off the coal flats and a few old buildings is all that now mark what at one time promised to be a busy place.

To Make Repairs and Improvements Recommended

FOR THE COUNTY JAIL AT LISBON

Bath Tub For the Prisoners Included In the Specifications--County Commissioners and Judge Smith Want to Make the Job Complete While at It.

LISBON, Jan. 12.—[Special]—The recommendations by Sheriffs Gill and Noragon for the repairs and improvements at the county jail which are now in the hands of the county commissioners include sewerage, a steam heater, a bath tub and repairs to the roof. The common pleas judge has authority to order such improvements as he thinks are necessary for the safety and health of the prisoners, and the improvements mentioned have the approval of Judge Smith. The estimated cost is \$2,010. The commissioners say that in their judgment it will be wise to make other improvements that are unquestionably needed, at the same time, and that in an interview it seemed highly probable that their plans could be harmonized so that the entire work may be done in a creditable and satisfactory manner.

THAT DEAD DOG.

The Board of Health Rules Cover the Case and the Health Officer Should Be In It.

Officer White is still thinking about that dog affair he had with Sanitary Officer Burgess and has hunted up the board of health rules, which say that "no person shall remove a dead animal unless permission is given by the health officer and that when a person kills an animal the same shall be reported to the health officer." According to the rules White and Burgess should be left out of the debate and Health Officer Ogden take a hand.

IMPOSSIBLE.

It is impossible to describe the disgust which fills the American people when they contemplate Pettigrew of South Dakota.

WHICH IS RIGHT?

Atkinson, Hoar, et al., oppose the annexation of the Philippines because they claim the Filipino is so intelligent he should be allowed to run the islands to suit himself. Bryan opposes the annexation because he claims the Filipino is so degraded and savage that he isn't fit to be annexed. Which is right, or are both wrong?

TO THE PEN.

Gertie Williams Violated the Terms of Her Parole and Goes Back to Columbus.

Gertie Williams, who was arrested in this city yesterday by Chief of Police Clemons, of Wheeling, as exclusively stated in the NEWS REVIEW, was paroled from the Columbus penitentiary six years ago, where she was sent for shooting a man at Bellaire. The penitentiary authorities claim she has repeatedly violated the terms of her parole by failing to report to them. It was learned she was in a disorderly house at Wheeling and the chief of police there was asked to arrest her. She will be taken back to Columbus.

Balmer, manager of the performers, got \$151.95 and a fourth of the proceeds were to go to the Grand, making \$50.65 as their share, but they only charged the Hospital association \$35 for the house and donated the balance, \$15.65, to it.

TO BUILD AN EXTENSION

Improvements Contemplated at St. Stephen's Church.

BUILDING ENLARGED ONE-HALF

And Will be in the shape of a Cross When Completed—Seating Capacity 550—Definite Action Will be Taken at the Easter Vestry Meeting.

St. Stephen's congregation are contemplating extensive improvements to their church and when the work is finished all the available ground in the rear of the church will be used.

It is the intention to build an addition to the present church, and the building when finished will be in the shape of a cross. The structure will be of brick and the church will be increased one-half in size and will be 125 feet long, while the seating capacity will be 550. The present building will be thoroughly remodeled. Definite action will be taken on the project at the Easter meeting of the vestry.

NOTES OF THE PLANTS

And Other Items That Will Interest the Pottery Trade.

The new additions at the Rookwood pottery, Cincinnati, have been completed. The new building is devoted to the reception room, warerooms and offices. The exterior of the building is of early English style, the interior being of Colonial architecture. The offices are on the second floor and here also is the museum. The latter is devoted to famous pieces of pottery from all over the world as well as some of the early attempt at pottery by the aborigines of America. The collection is considered the finest in the United States.

The Torbet pottery plant at Brazil, Ind., has been purchased by J. H. Hale for \$2,200 and will be remodeled.

The Arsenal pottery at Trenton has been sold. William Balderson, of Dillington, Pa., bought the greater part of the pottery for \$11,788.

A collapsible crockery drainer has been put on the market by the Proctor Bros. company, of the Leeds wire works. It can be placed at the side of a sink and is arranged so that pieces of crockery can be held separately after washing. One end is raised to support plates and dishes but it can be closed when not in use.

George Harrison, of this city, has accepted a position at the Oliver China works, Sebring. He was formerly employed at Goodwin's.

The time used in Sebring is eastern standard.

The Sheufelder potteries at Reading, Pa., have ceased operation.

S. S. Snyder, who conducted a crockery store at Charlotte, N. C., has filed a petition in bankruptcy.

W. H. Allison has gone from Rock Mills, Ala., to Jacksonville, Fla., to engage in the sale of pottery.

George W. Halligan has opened a large crockery store at Shelburne Falls, Mass.

The Bicknell-Wood company, crockery dealers of Providence, R. I., have assigned.

Gruby Faience company, of Boston, have adopted the lotus flower as a trade mark, and William H. Lopp, Washington, D. C., has taken out a patent on a tea cup design.

McDonald Bros., crockery dealers, of Minneapolis, were burned out last month. Loss \$15,000.

The Somerset pottery at Providence, R. I., has resumed after a long idleness.

The Goodwin Pottery company have discontinued making C. C. ware, and hereafter the pottery will turn out nothing but porcelain and iron stone china. The firm made an unusually fine grade of C. C. and it was hard to distinguish it from granite.

The contract will be let Saturday for the new Taylor, Lee & Smith pottery to be erected on the South Side.

Harvey McHenry yesterday was awarded the contract for the new addition to be built by the R. Thomas & Sons company and work was commenced today. The brick work has been awarded to Hill & Wallace. Work on the new office at the plant is progressing rapidly.

The kilndrawers will meet this evening for the purpose of organizing a union.

AS USUAL.

"A Comedy of Errors" Appeared in Last Evening's Edition of a Newspaper (?)

A paper in this city is noted for the blunders and misrepresentations made in its columns. The sheet capped the climax last night in a criticism it made respecting a well-known and popular vocalist of East Liverpool, terming her a "popular music teacher," when she never gave a music lesson in her life, and speaking of the "splendid training she has given her pupils," something that the charming vocalist has not yet had the honor of teaching. Fortunately for the sheet in question, it gave the date of the to-be given concert correctly and spelled the vocalist's name properly, but blundered, as usual, respecting the spelling of the names of the young lady's able assistants. The would-be newspaper had an unusually bad "spell" last night. Truly, the lower region sheet is not much of a journal.

A PLEASANT AFFAIR.

Mrs. Louis Steinfield Entertained Her Lady Friends Yesterday Afternoon.

Mrs. Louis Steinfield yesterday afternoon pleasantly entertained a number of lady friends at her home on Walnut street at cards. The favors were won by Mrs. W. H. Gass and Mrs. C. A. Bough. The sentence "Hurrah for William McKinley and Protection" was given the guests for each person to make out a bill of fare, using a letter in the sentence as a foundation for the word used in the bill of fare. Mrs. C. C. Thompson won the favor in this contest. Refreshments were served. The event was one of the most pleasant affairs of the season.

A. hall, when Madame Fry and her charming and talented daughter, Miss Eugenie, will appear in vocal and instrumental music, readings, recitations and musical declamations. Miss Fry is a very talented violinist, and her singing is simply superb, her voice being a pure, strong and sweet soprano. The admission has been placed at the low figure of twenty-five cents, and the house should be crowded.

POLICE MADE A RAID

Five Boys Were Captured at the Grand.

ONE OF THE YOUNGSTERS GOT OUT

But the Rest of Them Spent the Night in the City Jail—The Time for the Hearing Has Not Been Set—Pinkerton Will Call Tonight.

The small boys of the city are furnishing Mayor Bough with considerable business at the present time.

Last night Officers White and Davidson made a raid on the small boys that loiter around the steps at the Grand Opera house and annoy every person that comes within a block of the theatre. The boys captured were George Little, Edward Dinerstein, Arthur Putnam, Harry Hepner and Fred Malcolm. All the boys spent the night in jail except Putnam, whose mother appeared at city hall and went security for her boy.

This morning Dinerstein's father got him out of jail and Hepner's mother did likewise for him. The Little and Malcolm boys were turned out at noon. No time has been set for the hearing.

The Pinkerton boy who was mixed up in the East End affair a few days ago will get a hearing before the mayor this evening.

Two young men named Merrill and Reynold occupied cells in the city jail last night. They claimed they came from Toledo and were looking for work. They said they had heard East Liverpool was a good town and expect to get work here. They were well dressed and did not have the appearance of tourists.

THEY WERE MARRIED.

Charles Dock and Miss Lilly Campbell United by 'Squire McLane.

Constable Miller, after a drive through the rain, returned last evening from Lisbon with the marriage license for Charles Dock, of Industry, and Miss Lilly Campbell, of this city. This is the case in which the young man was too young to get a license, and Constable Miller, out of the pure goodness of his heart, secured the permission of the parents, believing that the two young people should be granted their hearts' desire.

Earl a Candidate.

In yesterday's paper we had it from reliable authority that Mr. Frank Earl had withdrawn from the race for the position of marshal of East Liverpool. Mr. Earl personally states today that he is not a quitter, but will be in the fight to the finish, with the certain intention of winning a victory. All he asks is a fair field and a square fight and he will make no kick in case of defeat.

A COUNCILMAN

Discovered Why There Was So Little Work Done on the East End Streets.

Recently council decided that Street Commissioner Finley was not doing enough work on East End streets, so a member of council interviewed him. Finley explained that he had to remain an hour and a half at the fire station while Foreman Terrence got his breakfast and the same length of time while he went to his dinner and supper, making a total of four hours and a half each day. The councilman figured if it took Finley the same length of time to get his meals it would consume the entire nine hours each day, and he didn't wonder there was no work done on the streets.

DIED LAST NIGHT.

Pathetic Circumstances Surrounding Death of William Wilshaw.

William Wilshaw, aged 22 years, died at his home, corner of Mulberry alley and Drury lane, at 11:30 o'clock last night. Typhoid fever was the cause of death. Funeral services will be held tomorrow afternoon at 2 o'clock in St. Stephen's Episcopal church, Rev. Edwin Weary officiating. Interment will be made in Riverview cemetery.

Wilshaw came to East Liverpool from England about six months ago, securing work in the East End pottery. His parents are dead, and after saving his money he rented the house in which he died, and brought his three small sisters here, it being his intention to keep them. Besides an uncle these are the only relatives he has in this country.

In the "good old days" a man's care for his health was marked by the completeness of the armor in which he locked himself up. It was very unhealthy in those "merry days" of jovial robber barons, to be outside of the steel case of knighthood. It was steel vs. steel every hour of the day. In our times a man needs to be armed inside rather than out. The gentle germ is like love in that he "laughs at locksmiths." You can't lock him out, but you can make it so mighty uncomfortable for him that he'll be glad to get out and seek some other lodging.

The greatest protection against disease is a healthy condition of the stomach and other organs of digestion and nutrition. Health is the true armor against the germ. The health of the stomach and allied organs is assured to those who use Dr. Pierce's Golden Medical Discovery. It purifies the blood, strengthens the stomach, nourishes the nerves and gives new life to the lungs.

There is no alcohol or other intoxicant contained in "Golden Medical Discovery."

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his Pleasant Pellets a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm."

THE MOODY MEMORIAL.

Proposed to Merge Three Schools Under One Management — Advisory Committee Appointed.

NEW YORK, Jan. 12.—In connection with the proposed Moody memorial endowment the trustees of the Northfield Seminary and Training School For Young Women, the Mount Herman School For Young Men and the Bible institute, Chicago, met here. It is proposed to merge the three institutions under one management and to have a financial committee and an advisory committee to take charge of the whole business affairs.

A Moody memorial advisory committee was appointed as follows:

William E. Dodge, James Talcott, Anson Phelps Stokes, Jr., D. W. McWilliams, Morris K. Jessup, D. Willis James, John S. Kennedy, Ira D. Sankey, all of New York; E. G. Keith, Cyrus McCormick, Victor F. Lawson, all of Chicago; John H. Converse, John Wanamaker of Philadelphia, C. A. Hopkins of Boston and Francis White of Baltimore. John Willis Baer, secretary of the Christian Endeavor society, sent a telegram of regret at not being present and asking to be counted upon to loyalty support the united policy of Will Moody, the family's trustee.

It was decided to issue an appeal to the public to subscribe the \$3,000,000 required to meet the expenses of the institution. D. W. McWilliams was selected as treasurer and the following were appointed a committee to invest money as it was subscribed:

William E. Dodge, James Talcott and Morris K. Jessup.

THOUSANDS KILLED AT LADYSMITH

English Loss About 900—A Rumor That the Boer Casualties Were Between 2,000 and 3,000.

LONDON, Jan. 12.—The Daily Mail said:

"We learn that in the attack on Ladysmith last Saturday, January 6, the British losses were 14 officers killed, 34 wounded and over 800 non-commissioned officers and men killed or wounded."

"The Boer losses, we hear, are estimated at between 2,000 and 3,000."

A dispatch to The Daily Mail from Pietermaritzburg, dated Jan. 8, said:

"Private advices from Ladysmith, dated Jan. 2, say that rations of bread and meat are plentiful and the garrison had not touched the 'bully' beef and biscuit supplies. Luxuries are scarce in Ladysmith, but the hospitals are well supplied with milk and the horses are in good condition."

LIEUT. COM. GREEN SUICIDED.

Schley Cabled the News—Board to Investigate.

WASHINGTON, Jan. 12.—The following cablegram was received at the navy department from Admiral Schley, commanding the South Atlantic station:

"MONTEVIDEO, Jan. 11.

Secretary Navy, Washington:

"Lieutenant Commander F. E. Green committed suicide Wednesday. Arrangements have been made for burial ashore. A board is ordered to examine the circumstances of the case and report."

Wire Company Likely to Refuse.

CLEVELAND, Jan. 12.—Next Monday is the time set for the decision of the American Steel and Wire company on the scale of wages proposed by the National Association of Rod Mill Workers. There is little doubt that the company will refuse to sign a scale of any kind, especially as it recently announced a general increase of 7½ per cent in the pay of all employees.

Found Boer Camp.

LONDON, Jan. 12.—The Standard has the following dispatch, dated Monday, from Frere camp: "Our patrols have searched both flanks of the Boer position. They found a large camp five miles east of Colenso, evidently in anticipation of a British attempt at a turning movement."

IS GEN. METHUEN MAD?

Report to That Effect—Denied at the War Office That He Will Be Recalled.

LONDON, Jan. 12.—The officials of the war office here denied the report published in the United States that General Methuen has been recalled.

CHICAGO, Jan. 12.—A special cable to the Chicago Tribune from London says: Lieutenant General Lord Methuen, commanding the column advancing to the relief of Kimberley, is to be relieved of his command within two weeks. Later he will be sent to Cape Town and eventually ordered home. When he reaches England he will be retired. These facts have been confirmed by an official of the war office.

Friends of Lord Methuen insist he is only in broken health; that the strain of many campaigns has snatched his

naturally nervous system. Those who know the circumstances and the situation on the Modder river equally well, however, are willing to state facts plainly, and say that Methuen's mind is unbalanced.

A BOMB EXPLOSION.

It Badly Scared an Audience at Harvard University—Joke Was Ahead of Time.

CAMBRIDGE, Mass., Jan. 12.—The explosion of a bomb in a closet in Sanders' theater at Harvard while 500 or 600 people were listening to a Beethoven pastoral by the Boston Symphony orchestra not only put a sudden end to the concert, but for a few minutes, by reason of the panic which followed, threatened the lives of many in a rush for the doors.

Fortunately the turmoil was calmed and the audience left quietly.

The college authorities believe the whole affair was intended as a joke on the history class, and that it exploded 12 hours ahead of time.

May Be Amicably Settled.

BERLIN, Jan. 12.—It is asserted that the German cruisers Schwalbe and Condor, which were ordered to Delagoa bay, have been instructed to proceed instead to Cape Town. This indicates a belief in German official circles that the contraband controversy will be amicably settled.
